#### **Description:**

The easy-to-use **Clinical Companion for Ignatavicius and Workman's Medical-Surgical**

**Nursing: Patient-Centered Collaborative Care, 8<sup>th</sup> Edition**, is an A-Z guide to more than 250 common medical-surgical conditions and their management. Written in a reader-friendly, direct-address style, this resource is a convenient tool that you can carry with you on clinical days. Now organized in a streamlined collaborative care format, complete with new QSEN highlights and a reorganized Concepts in Medical-Surgical Nursing section, it will quickly become your best bedside reference.

- A-Z synopses of more than 250 diseases and disorders, along with related collaborative care, serve as both a quick reference for clinical days and a study resource for diseases/disorders and related collaborative care.
  - **Consistent collaborative care format** mirrors the coverage provided in the Ignatavicius & Workman textbook to more effectively prepare students for clinical days.
  - **UNIQUE! Nursing Safety Priorities reinforce critical safety measures at the bedside** and mirror those in the Ignatavicius & Workman text: Drug Alert, Critical Rescue, and Action Alert.
  - **Special Considerations highlights** call students' attention to important aspects of nursing care, such as Genetic/Genomic Considerations, Considerations for Older Adults, Gender Health Considerations, and Cultural Considerations.
  - **A Concepts of Medical-Surgical Nursing section** (Part One) includes a NEW! concept on fluid and electrolyte balance, reflects the emphasis on concepts from Giddens' *Concepts of Nursing Practice*, and **provides** students with an understanding of essential concepts needed for effective nursing practice.
  - **A-Z printed thumb tabs** appear along the edges of the pages to facilitate quick access to clinical information for just-in-time learning and reference at the bedside.
  - **8 quick-reference appendices** provide need-to-know, quick-reference coverage of common and some less typical clinical topics.
  - NEW! Updated content matches the 8th edition of the Ignatavicius & Workman textbook for a reliably seamless reference and study experience.
  - **NEW! Streamlined collaborative care format** helps you focus more effectively on nursing care priorities.
  - **NEW! QSEN highlights** each focus on one or more of the six core QSEN competencies (Patient-Centered Care, Teamwork & Collaboration, Evidence-Based Practice, Quality Improvement, Safety, and Informatics) to help you understand how to apply QSEN competencies for safe patient care.
