#### Description:

#### About the Author

Jillian Venters was a fairly spooky and morbid child. When she discovered the existence of the whole Gothic sub-culture, she clapped her hands with glee and fell upon it like a babybat upon a box of Count Chocula cereal. Since then, the Lady of the Manners has spent a not inconsiderable amount of

time trying to gently persuade others in her chosen subculture that being a polite Goth is much, much more subversive than just wearing T-shirts with "edgy" sayings on them. She lives in Seattle.
