## Description:

Continuing Tom L. McKnight's well-known thematic focus on landscape appreciation, Darrel Hess offers a broad survey of all of the physical processes and spatial patterns that create Earth's physical landscape. **McKnight's Physical Geography: A Landscape Appreciation** provides a clear writing style, superior art program, and abundant pedagogy to appeal to a wide variety of students. This new edition offers a truly meaningful integration of **visualization, technology, the latest applied**

**science, and new pedagogy**, providing essential tools and opportunities to teach and engage students in these processes and patterns.
