"From the opening paragraph, which places Adam Eddington in a great airport, its atmosphere tense with hurry and frustrations, the story rushes ahead, never losing momentum."—*The Horn Book*

"What [Adam Eddington] expects to be a quiet but interesting summer of work with the famous marine biologist Dr. O'Keefe becomes a time of intrigue, with Adam playing a leading role in the struggle to extract information on the doctor's experiments with regeneration of starfish."—*School Library Journal* --This text refers to the edition.

From the Publisher When Adam Eddington, a gifted marine biology student, makes the acquaintance of blond and beautiful Kali Cutter at Kennedy International Airport on his way to Portugal to spend the summer working for the renowned scientist Dr. O'Keefe, he has no idea that this seemingly chance meeting will set into motion a chain of events he will be unable to stop.

Caught between Kali's seductive wiles and the trusting adoration of Dr. O'Keefe's daughter, Poly, Adam finds himself enmeshed in a deadly power struggle between two groups of people, only one of which can have right on its side. As the danger escalates, Adam must make a decision that could affect the entire world--which side is he on?
