Description:

Now in Paperback—the *New York Times* bestseller—and follow up to the revolutionary bestsellers *Freakonomics* and *SuperFreakonomics*—with a new author Q&A.

With their trademark blend of captivating storytelling and unconventional analysis, Steven D. Levitt

and Stephen J. Dubner take us inside their thought process and teach us all how to think a bit more productively, more creatively, more rationally. In *Think Like A Freak*, they offer a blueprint for an entirely new way to solve problems, whether your interest lies in minor lifehacks or major global reforms. The topics range from business to philanthropy to sports to politics, all with the goal of retraining your brain. Along the way, you'll learn the secrets of a Japanese hot-dog-eating champion, the reason an Australian doctor swallowed a batch of dangerous bacteria, and why Nigerian e-mail scammers make a point of saying they're from Nigeria.

Levitt and Dubner plainly see the world like no one else. Now you can too. Never before have such iconoclastic thinkers been so revealing—and so much fun to read.
