The indispensable guide for the intrepid adventurer -- a book some governments don't want you to read. Pelton, a professional adventurer, and Aral, an international war correspondent, have created the only travel guide to danger and adventure. Everything you need to know about the world's hot spots -- Bosnia-Herzegovina, Liberia, Rwanda, Peru -- is right here, from the inoculations required

and dangerous holidays to pencil onto your calendar to the addresses of intelligence organizations and political activist groups. If you're raring to go where angels fear to tread, this book could save your life. --This text refers to an out of print or unavailable edition of this title.
